

The Reflector.

THURSDAY, AUGUST 23, 1888.

SUPPLEMENT.

Gosshopping on Sunday, or flirt with a crank
Or do anything else that is bad,
But don't talk to a man of poetical things
When his stomach is lonely and sad.

You will see some honest races Aug.
22-24.

Races, Wednesday, Thursday and
Friday.

The city schools open three weeks
from today.

One and one-third fares on all roads
during the races.

Junction City is bragging over her
new pressed brick works.

The Republican majority in Dickinson
county this year will be thirty-six
miles long and twenty-four miles wide.

A clean, clear, conscientious sweep
of National, State and county tickets
is what the Republicans want this
year.

A train killed a couple three-weeks-
old pigs for a Carlton farmer the other
day and now he wants \$20 apiece dam-
ages.

The Senatorial convention meets
next Monday in industry. Quite a
number of Abileneites will be in atten-
dance.

The way the well derick looms up
on west Second street is a caution. Its
appearance attracts many visitors to
the well daily.

The Union Laborites will make the
welkin ring tonight in Smith's hall. If
you want to hear some Demosthenian
eloquence, happen around.

The schoolmaster is abroad in the
land; but that does not prevent a cer-
tain store in Abilene making its sign
read, "Tobacco and Cigars."

Dr. L. M. Raub is trying to organize
gas companies in the neighboring
towns. The people complain that they
don't need any more gas while the cam-
paign is in progress.

"The corn is all right" and "the corn
is all gone up" are the two items that
are chasing each other around the circle
in the Kansas press at present. The
former is about three laps ahead.

S. P. Harrington, of the Banner Reg-
ister, can get more comfort out of an
undated squib saying that a farm hand
in Backwoods, Haighcote county, Ga.,
has come out for Botkin and prohibi-
tion than he can out of a square meal.

See the announcement in our columns
of special purse offered by the associa-
tion for 228 class. This is an extra
attraction. Our association is wide
awake and will give their patrons full
value of their money, August 22d to
24th.

The managers of the Central Fair
association are endeavoring to secure
special trains to run over the Santa Fe
during the Hope meeting, Sept. 4-7. If
the company is wise, it will grant the
request as many will be deprived of
going by the inconvenient times at
which trains now run.

St. Joseph's college for young ladies
will open for the fall term on October
1st. The inside work on the building
is nearly completed and the structure
will be fitted for occupancy at that
time. The location is a most healthy
one and this fact taken in connection
with the excellent course of study and
good instructors should win for it a
large patronage.

As will be seen by the advertise-
ment in this issue, S. K. Strother and
F. T. Strother will, in about a month,
start in Abilene a Democratic weekly
paper. The Democrats of Dickinson
county need a good organ and we be-
lieve they will get it under such num-
ber one newspaper men as the gentle-
men who propose to undertake this
venture.

The annual State examination for
teachers for State certificates will be
held on Monday, Tuesday, Wednesday,
Thursday and Friday, August 27 to 31
inclusive. The examinations will be
held by the State board of education
at the following places: Topeka, in
the State capitol building; Lawrence,
in the university building; Manhattan,
in the Agricultural college building;
Emporia, in the normal school building.
The examination will consist of both
written and oral exercises.

F. M. Whitlaw can show on his farm
three miles east of the city some of the
finest corn that the Kansas sun ever
beamed upon. Not only are the stalks
strong and vigorous but the ears are
immense in size and well-filled. The
varieties used are Landreth's Mam-
moth Chester 90-day and Adams'
White Early 60-day. Mr. W.'s success
in this season proves that if our farmers
would take more care in selecting seed
and in cultivation, they will be all
right.

FIRE DEPARTMENT MEETING.

The Fire Laddies Take Possession of
Their New Quarters in the City
Hall.

The Fire Department met Friday
in full force in their new rooms in the
just completed city hall. Hose Com-
panies Nos. 1 and 2, and the Hook and
Ladder Company were present and
looked their prettiest in order to be in
keeping with their handsome apart-
ments.

The meeting was called to order by
Chief W. L. Allison, who stated its ob-
ject, to consider the invitation to go to
Kansas City and to inspect the new head-
quarters. After giving the invitation
of the Volunteer Firemen's Associa-
tion it was discussed by several mem-
bers. It was not thought best to act
upon it definitely at that meeting and,
on motion, it was laid on the table un-
til the next regular meeting, early in
September.

Councilmen H. G. Fisher and A. S.
Davidson were present and made a
few remarks, tendering the boys the
use of the hall, etc. The remarks were
briefly responded to.

The firemen can well be proud of
their new room. It is large, well-
lighted and handsomely furnished.

The four sliding doors on Broadway
give the fullest and easiest possible
access to the street. A fine hose-wash-
ing platform is erected with water-
works attachments so as to save all un-
necessary labor. Abilene has an
efficient and hard working Fire depart-
ment, one of which she can be proud
and her recognition of their services
should be farther shown by fitting up
for the boys a reading-room in their
new headquarters where those who
wish can spend the long winter evenings
which will in a few months be upon us.

At Rest.

The infant child of Mr. and Mrs.
James Guest, of Garfield township,
died Wednesday of summer complaint.
The little one's death leaves a sad
household mourning its untimely de-
cease, but the sorrowing parents are
comforted by the thought that it is
saved the temptations and trials of this
life.

The funeral services were held this
afternoon at the residence.

Practice vs. Theory.

During several days of last week one
of our distinguished Democrats was
busily engaged in soliciting aid for the
establishment of a pottery in Abilene.
He talked loud and long and enthusi-
astically in favor of the project. He
besieged the merchant, the banker, the
lawyer, the farmer, the editor, the me-
chanic, the laboring man, the minister,
the doctor, and to all produced many
and cogent reasons why it was to the
interest of every one of them to render
substantial aid toward encouraging
this manufacturing industry to locate
in Abilene. By his unanswerable logic
this Democrat induced the good people
of Abilene to give solid assistance to
this enterprise, and we all hope that
thereby the pottery may be established
in our midst. We know that what
little we give toward encouraging such
enterprises will be returned to us four-
fold.

But the sequel of our story is yet to
come. On Saturday that same loud
talking Democrat was on our streets
again, not for the purpose of aiding and
encouraging manufacturing industries
to locate in Abilene, but for the more
audacious purpose of talking politics.
He was just as enthusiastic as when
begging for the pottery, but his argu-
ments were all against aiding and as-
sisting home industries. Every cent
imposed upon the people to encourage
home industries was a "robber tariff."
Every cent paid to aid or assist in
building up the woolen industries, the
cotton industries, the iron industries,
the pottery industries, was so much
bread taken from the mouths of the
people. In all his talk this free-trade
Democrat never once alluded to the
benefits to be derived by the people of
Abilene from having a pottery located
in our midst. In practice, a free-trader
has some business sense, and believes
in going down in his pockets to aid
home industries; in theory, he is abso-
lutely idiotic.

The Gazette Removal.

During the last two or three weeks a
scheme to establish a morning daily
paper for Salina has been placed before
the business men. The plan was to
unite the Abilene Gazette with the Sa-
lina County Journal and make a Repub-
lican paper. It was plain from the
first that Republicans felt the necessity
of doing something and for that reason
we were inclined to believe that the
scheme would go through. The Herald
has not fought it because it can only
be determined by experience whether
or not Salina will support two daily
papers. Having been in position to
know of the support for a daily paper
in Salina, we are loth to believe that
the move is a good one or advisable at
this time. However, this has nothing
to do with the case, it is generally un-
derstood today that the paper is a cer-
tainty and that all arrangements for
its removal from Abilene will be per-
fected tonight. For the Herald we
can say that it is a much better paper
than the city has supported or warrant-
ed and we hope by a lively competition
with a good morning paper to get a
better support for the future than in
the past.—[Salina Herald, Saturday.]

A BIG LAND SALE.

An Abilene Firm Makes One of the
Largest Land Deals in Kansas this
Year.

The Berry & Prendergast Land Co.
Wednesday closed one of the largest
land sales ever made in this city or
county. The gentlemen, as has been
known, about six years ago purchased
nearly 250,000 acres of land lying in
Ottawa county, northeast of Minneap-
olis. The land was in a wild state
when they bought it, but they have
fenced it, opened springs, put farmers
upon part of it, and generally improved
it so as to make the tract a valuable
estate. Eastern capitalists have been
recently looking at the land and a syn-
dicate composed of opulent real estate
men of St. Louis, Chicago and Alton,
Ills., purchased ten sections of the
property, all but two lying in one body.
For this tract, all fenced and somewhat
improved, they paid the neat sum of
\$80,000 cash.

The new owners will stock part of
their ranch and will divide the re-
mainder into farms, thus adding
greatly to north Ottawa's wealth.

We congratulate Messrs. Berry &
Prendergast upon their large sale and
the handsome sum of money they must
have netted.

County Districts.

At the coming election we will be
called upon to elect Representatives
and a county commissioner. It may
be of interest to our readers to know
how the county is divided, as regards
districts. The townships composing
the respective districts and the present
representatives are as follows:

68th Representative District—
Hon. Harrison Flora, term expires
1888; Fragrant Hill, Noble, Hayes,
Sherman, Buckeye, Cheever, Flora,
Willowdale and Grant, and the city of
Abilene.

69th Representative District—Hon.
M. L. Potter, term expires 1888;
Center, Liberty, Logan, Newbern, Gar-
field, Lincoln, Wheatland, Holland,
Banner, Jefferson, Ridge, Hope, Lyon,
Rinehart and Union, and the cities of
Solomon and Enterprise.

1st Commissioner District—H.
Kandt, term expires 1890; Center,
Rinehart, Logan, Liberty, Ridge, Un-
ion, Hope, Lyon.

2d Commissioner District—J. W.
Baker, term expires 1888; Cheever,
Sherman, Fragrant Hill, Buckeye,
Hayes, Noble, Grant.

3d Commissioner District—Simon
Stein, term expires 1889; Flora, Willow-
dale, Lincoln, Garfield, Newbern,
Wheatland, Jefferson, Holland, Banner.

Obituary.

Mrs. Richardson, wife of Col. John
C. Richardson, a prominent citizen of
Carthage, Mo., died yesterday morning
at about half past ten o'clock, at the
residence of her son-in-law Mr. John
C. Lyeth on Buckeye avenue. She
was in her sixty-eighth year.

As the family wished to bury her at
their old home, funeral services, con-
ducted by Rev. F. M. Porch, assisted
by Rev. S. C. Humphrey, were held at
their residence last evening at 8 o'clock
and at half past nine they left over the
Santa Fe for Carthage, Mo. The Arion
Quartette, whose singing the deceased
had enjoyed so much during her illness,
conducted the song service which was
most beautiful and impressive.

Mrs. Richardson's death was a sad
one, she having stopped off on her way
home to visit her daughter, Mrs. J. C.
Lyeth. During the past winter, at-
tended by her faithful and loving grand-
daughter, she had lived at Tucson,
Arizona, hoping that the climate would
benefit her health. But not finding re-
lief there she was on her way home
when the desire to see her daughter in
her Abilene home caused her to alter
her plans. Exactly three months from
the day she came to Abilene she left it
for her brighter and happier home
above.

For a period of a few days after her
arrival here she enjoyed comparatively
good health, after which she took her
bed, never to arise. During her final
illness she suffered untold physical
agony, but she bore it with the fortitude
and patience of a true Christian.
Never a murmur of complaint escaped
her but with a hopefulness that encour-
aged even her physician she cheered
those who waited on and loved her.
Yesterday morning, surrounded by her
family and free from pain, she peace-
fully and calmly entered her final rest.
Scarcely had the church bells ceased
pealing forth their joyful summons
when her spirit taking up the glad re-
frain joined that happy chorus above
in their service of love about the throne
of her Master. It was the joyful ter-
mination of a busy and eventful life,
and as a true disciple of Christ she has
gone to enjoy the reward of the faith-
ful—faithful to her husband, faithful
to her children, faithful to her God.

in a letter states that he has been se-
verely troubled at times, for the past
twenty years, with cramp and bilious
colic which would compel him to take
to his bed from three to six days—
while in St. Louis at his last annual
meeting he procured a bottle of Cham-
berlain's Colic, Cholera and Diarrhoea
Remedy and has since used it with the
best results. It is the only remedy he
ever found that effected a rapid and
complete cure. No one can safely

Give Them a Chance.
That is to say, your lungs. Also all
your breathing machinery. Very won-
derful machinery it is. Not only the
larger air-passages, but the thousands
of little tubes and cavities leading from
them.

When these are clogged and choked
with matter which ought not to be
there, your lungs cannot half do their
work. And what they do, they cannot
do well.
Call it cold, cough, croup, pneumonia,
catarrh, consumption or any of the
family of throat and nose and head
and lung obstructions, all are bad. All
ought to be got rid of. There is just
one sure way to get rid of them. That
is to take Boschee's German Syrup,
which any druggist will sell you at 75
cents a bottle. Even if everything else
has failed you, you may depend upon
for certain.

Great rejoicing all over the world on account
of the discovery of South American Nerve
which is acknowledged by all as the most valuable
discovery of this century. It possesses prop-
erties which quickly cure the Stomach and Nerve
and give sweet and refreshing health where dis-
ease, nervousness and pain have been the rule.
South American Nerve has no equal as a cure
for a weak Stomach, weak Nerves, weak Lungs,
weakly females, weakness of old age and all forms
of failing health. A trial bottle will convince you.

druggist, Abilene, Kansas.

Rebecca Wilkinson, of Brownsville, Ind.,
says: "I had been in a distressed condition for
three years from Nervousness, Weakness of the
Stomach, Dyspepsia and Indigestion until my
health was gone. I had been doctoring constantly
with no relief. I bought one bottle of South
American Nerve, which did me more good
than any \$50 worth of doctoring I ever did in my
life. I would advise every weakly person to use
this valuable and lovely remedy; a few bottles of
it has cured me completely. I consider it the
greatest medicine in the world." A trial bottle
will convince you. Price 15 cents and \$1.25. Sold
by J. M. Gleissner, druggist, Abilene.

In Brief, and to the Point.
Dyspepsia is dreadful. Disordered
liver is misery. Indigestion is a foe to
good nature.
The human digestive apparatus is
one of the most complicated and won-
derful things in existence. It is easily
put out of order.

Greasy food, tough food, sloppy food,
bad cookery, mental worry, late hours,
and many other things which ought
not to be, have made the American
people a nation of dyspeptics.

But Green's August Flower has done
a wonderful work in reforming this sad
business and making the American
people so healthy that they can enjoy
their meals and be happy.
Remember—No happiness without
health. But Green's August Flower
brings health and happiness to the dys-
peptic. Ask your druggist for a bottle.
Seventy-five cents.

CONSUMPTION CURED.
An old physician, retired from active practice
having had placed in his hands by an East India
missionary the formula of a simple vegetable
remedy for the speedy and permanent cure of
consumption, Bronchitis, Catarrh, Asthma and
all Throat and Lung affections, after having
thoroughly tested his wonderful curative power
in thousands of cases, feels it his duty to make
it known to his suffering fellows. The recipe
sent free, to all who may desire it with full di-
rections for preparing and successfully using. Ad-
